

Fire-Rated Roll Up Door

Commercial Rolling Fire Door

Safety and Fire Protection

Our fire-rated coiling roll up doors keep the danger at bay during crucial times. Because they are NFPA and UL compliant, you can be sure your team will be safe when it matters the most. They are also quieter, and operate more smoothly due to their viscous governor technology.

Our steel fire-rated roll up doors have many options as well, including smoke detectors, special release devices, horns, strobes, and fire-rated vision lites that allow visibility through the door.

>> NFPA Standard 80
Compliant

>> Easy to Test

>> Innovative Planetary Gear
Design

>> Optional Fire-rated Vision
Lites

>> Optional Smoke Detectors
